RE: Moshannon Valley Correctional Center

Jared,

I wanted to take the time to thank you and your firm for your hard work and diligence at the Moshannon Valley Correctional Center. I highly recommend Pauly Jail Building Company as an experienced, fair, and diligent company.

Your prompt and complete submittal packages helped discover design issues early on in the project, and your employees on site were extremely professional and efficient. Pauly Jail was very fair with the change orders which arose on the project, which was appreciated by both Lobar Inc. and the Owner. Without Pauly Jail's expertise and management from day one, the project would not have gone as smoothly as it did.

I look forward to working with Pauly Jail in the future.

Should you need anything from Lobar Inc., please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nathan Walker".

Nathan Walker
