To: Mr. Bob Pohrer
Re: Business Relationship

Dear Mr. Pohrer,

Metroplex Control Systems would like to express our appreciation with Pauly Jail Building Company for being a wonderful company to work with. You pay your bills, your work is timely and owners like the outcome. Although we've only worked with Pauly Jail on a few projects, they've gone very well and hence this letter.

We also would like to thank the field staff of Pauly Jail for being very knowledgeable, capable and pleasure to work with. Normally on projects this complicated we would expect job site problems and some finger pointing, but not with Pauly Jail. Their equipment was tested before ours was even on site and professionally handled.

Thanks again.

Sincerely,

David Beeler
Senior Electrical Engineer
